Crypton® Care Guide

Clean and maintain your furniture regularly. Clean all stains as quickly as possible and use the following cleaning procedures for best results.

Vacuum regularly to remove dirt and dust. Crypton® can be cleaned easily with soap and water. Remove any excess residue by blotting or gently lifting with a spatula or spoon. Use a mild soap and water mixture (1 teaspoon enzyme detergent, such as Tide® or Cheer®, with 2 cups warm water). Apply solution to the stain, gently agitate with a soft bristle brush and wait approximately one minute to allow the detergent to break down the stain. Gently blot the stain. Thoroughly rinse with water. Crypton has a permanent fluid barrier, so rinse liberally as remaining soap residue will attract dirt. Repeat as necessary. Note the use of bleach solutions is not recommended as remaining bleach residue can fade or harm the material.

We suggest using Crypton Care upholstery cleaners to clean these woven textiles. Specially developed by Crypton, these cleaners are water-based, pH neutral, biodegradable, and easy to use. These cleaners do not contain bleach, solvents, or harsh chemicals. Crypton Care cleaner options include an EPA-approved disinfectant & deodorizer which provides hospital-grade quaternary disinfection. These patterns feature Crypton® Non-PFOA Soil & Stain Protection and Crypton® Integrated Fluid Barrier. Crypton fabric protection includes silver ion technology which inhibits the growth of microbes on the protected surface.

All patterns meet A.C.T. Standards: 

All patterns meet flammability* requirements of California TB 117-2013, Section 1, NFPA 260 - Class 1, UFAC - Class 1. Patterns may contribute to compliance with California Technical Bulletin 133 when used in conjunction with other suitable components.

*This term and any corresponding data refer to the typical performance in the tests indicated and should not be construed to imply the behavior of this or any other material under actual fire conditions.

These patterns are produced using a minimum of 50% recycled fiber.

All patterns shown have achieved Greenguard Gold Certification.
