Commercial Protective Equipment

EASY to assemble heavy duty brackets
& 1/4" PVC panel prior to use

QUICK & EASY to remove from table for cleaning
(hand turning knob to loosen & tighten heavy duty brackets)

CCB is proud to introduce a new product line of Commercial Protective Equipment.

Our Sneeze Guards and Protective Barriers are “Made in the USA” with the goal to provide employees and customers with a new layer of safety whether it be in a restaurant, in an office break room, a retail space, a hotel, or another hospitality space.

Overall Product:

- Made in the USA
- Provides a physical separation & helps to maintain distance
- Easily moved from one surface to another
- Adjustable clamp works on table thicknesses from 1" to 1.75"
- Heavy duty clamp is constructed out of 1/4" Aluminum
- Rubber Padding protects the tabletops
- Easy to clean
- Available with custom logos
- Custom sizes available

Barrier Panel:

- Transparent PVC Sheeting product used for Industrial applications
- Made in the USA
- 100% recyclable thermoplastic
- Superior chemical & corrosion resistance
- Protective film masking on two sides
- Better fire resistance than acrylic or Polycarbonate
- Better abrasion resistance than Polycarbonate
- Withstands most physical impact
